The King of sports.....

meet Mr Delaney.

Mr Delaney has worked at Finlay school for 9 years. He loves getting the children involved in sports. We interviewed him about his work.

Why did you want to be a PE teacher? I love sports so this would be the best job.

Have you always wanted to teach PE? No, not always, but I do now.

If you were not a PE teacher what would you be? I would probably be a football coach.

Did you study at college? Yes, I went to college to study to be a teacher.

Which is your favourite sport to teach children? I love teaching tag rugby.

What is your favourite sport? I love football.

Which team do you support? I support.....Man U

Fun fact... the distance around the school field is 320 metres.....Which teacher do you think can run this the fastest?

Around the world with Alfred.

Let's visit The Amazon!

At 6,437km long the Amazon lies in the Amazon rainforest, which makes up over 9 countries of South America. This river flows into the Atlantic Ocean and is the second longest river on earth; it is not as long as Africa's Nile. However, it's size and water amounts are gargantuan. More than a fifth of the world's freshwater comes from it. It is also the fastest flowing river enabling people to surf at certain times and places. The amazon river and rainforest is home to many creatures that are unique to the region, such as poisonous frogs, centipedes etc. One interesting animal in the river is the amazon dolphin. The mouth of the river is very wide as it enters the ocean, it is the distance equivalent from the UK to Italy. That's a big mouth!

Meet 'Old Lamby rugby player Ryan Lamb.

Interview by Jasper Y5

Are you still playing rugby at the moment for a team?

No I have been retired for 3 years however I am one of the coaches with Plymouth Albion.

What was the first club you played for?

Spartans RFC in Gloucester

Have you ever been given a red card?

Yes, two cards in my career!!

How many years have you played rugby for?

Well 23 years altogether with 17 years of those professionally.

What is the worst injury you've had?

I have had 2 neck injuries which were serious and had to have operations to help.

How old were you when you started rugby?

I was 13 years old.

What is the hardest position to play in rugby?

For physical it would be tight head prop but overall I would say number 10!

Who was your inspiration in rugby when growing up?

That would be Carlos Spencer.

Player Profile:

Born in 1986

Studied at St Peters High School.

Played for Gloucester from becoming first choice fly half in 2006.

Played for England Saxons in 2007

After retirement he has pursued a career in coaching in Gloucester and now in Plymouth.

What was your favourite tour that you went on?

I went to the commonwealth games with rugby 7's and I also toured with England to Chicago and Vancouver.

Who is your favourite rugby player?

Finn Russell

Who do you think will win the six nations?

France, easily!

Is it true you used to work for Freemans burger vans?

Yes a few years ago now! It was good for me.

Thanks Jasper and all the best

The Knife Angel visit by Kiya.

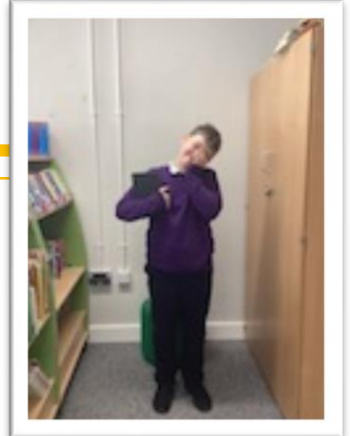

On Tuesday 7th year 6W went to visit the knife Angel sculpture next to Gloucester cathedral. On some of the knives there was writing to show people's feelings. The sculpture is raising awareness of the impact of knife crime.

I felt shocked at how big it was and how many knives it had.

Meet the wise man...the oldest student in the school.

Joshua. (Y6)

What is it like to be the oldest in school?

Not much of a difference really.

Do you ever wish you could be the youngest? No I quite like being the oldest.

Has anyone mistaken you for being older? Yes, once they thought I was 12.

What is your favourite memory from reception? I think being able to play all day!

How much do you like school? I guess it depends on each day and on which lessons we are doing.

Are you excited for secondary school? Yes, I am I hope to go to St. Peter's

What is your least favourite subject in school?

Honestly it is reading.

What is your favourite lesson? Well it is PE, I guess it is a sports thing!!

Thanks Josh for your honesty and all the best in secondary school.
